

Community Council Meeting Minutes

November 18, 2015

Welcome: Raquel Johnson and then turned the time over to Mr. Hadley

- 1. State Training Review:** Lynn Raymond from the district came to discuss HB 213. He talked about what the district does to protect the students. We have the iboss web filter and filters work 99.8% of the time. All social media is blocked to students who are on the Weber School District site. The District provides home filtering also. The Council wants to educate parents on how to have those filters at home. Mr. Raymond was going to provide the instructions to send out to the parents for that.
CIPA Training: We will educate children on safe practices on the internet. The biggest threat to our students are individual devices.
- 2. First Quarter Review:**
 - A. Grade distribution:** 9405 grades were earned of those 94.2% were passing, 75% of those were A's and B's. 5% were failing grades.
 - B. Attendance:** 4461 days of school missed in the first quarter. What student misses the most: an 11th grade girl.
 - C. Educational Incentive:** 838 students made the incentive to receive a t-shirt. That was 62% of the school. 65 more made the grades but had attendance credit loss.

183 students had perfect attendance. Costa Vida is going to do something for those students.

Started doing Hall Sweeps. It is starting to cut down on students being late. Students have been told that if they get to class on time the hall sweeps will go away.
- 3. What we are and what we can become:**
 - a. Accreditation Update:** Accreditation will take place on March 20th.
 - b. Comprehensive Guidance review:** Comp. Guidance Review was held the Wed. before fall break. They passed with the next review being in 6 yrs.
 - c. Mission/Vision Review from faculty:** Faculty and Administration is working on a new mission statement. Mr. Hadley is having guest speakers come to faculty meeting on the 24th and invited all community council members to come to the breakfast and the meeting also.

Next Meeting: January 20th.
