

Statistics of Interest:

Our graduation rate from last year is in and it was at 90%. The things that have helped to raise that rate are: The admin going to the Jr. High's and helping them get more of their students on track when they come to us. Giving students every opportunity to succeed. We have 21 students enrolled in PM school. South only had 7 F's the first quarter which was great. The cone and counselors at the jr. high's are buying into the program. LIA is going to Burch Creek and Washington Terrace elementaries for reading.

811 Incentive shirts were passed out for 1st quarter. 60% of the school had a 3.0 or above.

94.6% of all grades were passing. 500 less days were missed this year compared to last year. 53 students are responsible for 96% of the tardies. We had 4709 days of school missed in the first quarter.

SLO growth and percentile of growth for each student: Teachers are teaching 2 SLO's. They give a pre-test and post test. 40% growth in the class is standard. We are going to be giving out the Touch of Class Award for the student with the most growth at the end of the year.

This will give students more opportunity for extra classes. And also to make up original credit classes. There will also be study halls offered. The Flex Class will be a pass/fail class.

Realignment:

UHSAA has realigned the regions. Bonneville will now be in Region 11 along with Ben Lomond, Ogden, Park City, Stansbury, Tooele and Juan Diego.

Financial:

We are online with our FTE money and student advocate also. We would like to add another student advocate for next year also. We have made our tech purchases with our Chrome Books and all equipment leases and software have been renewed.
